 intermodal service links
 Northeastern and Texas markets.

A New Choice for Shippers

Conrail's new intermodal service between the Northeast and Texas offers shippers a premium freight transportation alternative with a cost-cutting edge.

Use this new transportation service to access your markets in the Southwest. We're offering this joint rail service in cooperation with Union Pacific to give you a better shipping choice for your money.

Timely Delivery

We'll deliver your freight to Dallas the third morning from day of pick-up—every time. Our Lone Star service is as fast as over-the-road shipping, and our Authorized Intermodal Agents give you the door-to-door service you expect. The timetable at right gives you examples of our delivery schedules.

Origin points: ■ Boston, Harrisburg, Morrisville, North Bergen, Springfield, Worcester to Dallas, TX

■ North Bergen, Springfield, Worcester to Houston, TX

Example: Conrail picks up your freight on Monday. We deliver it to Dallas on Thursday, and Houston on Friday.

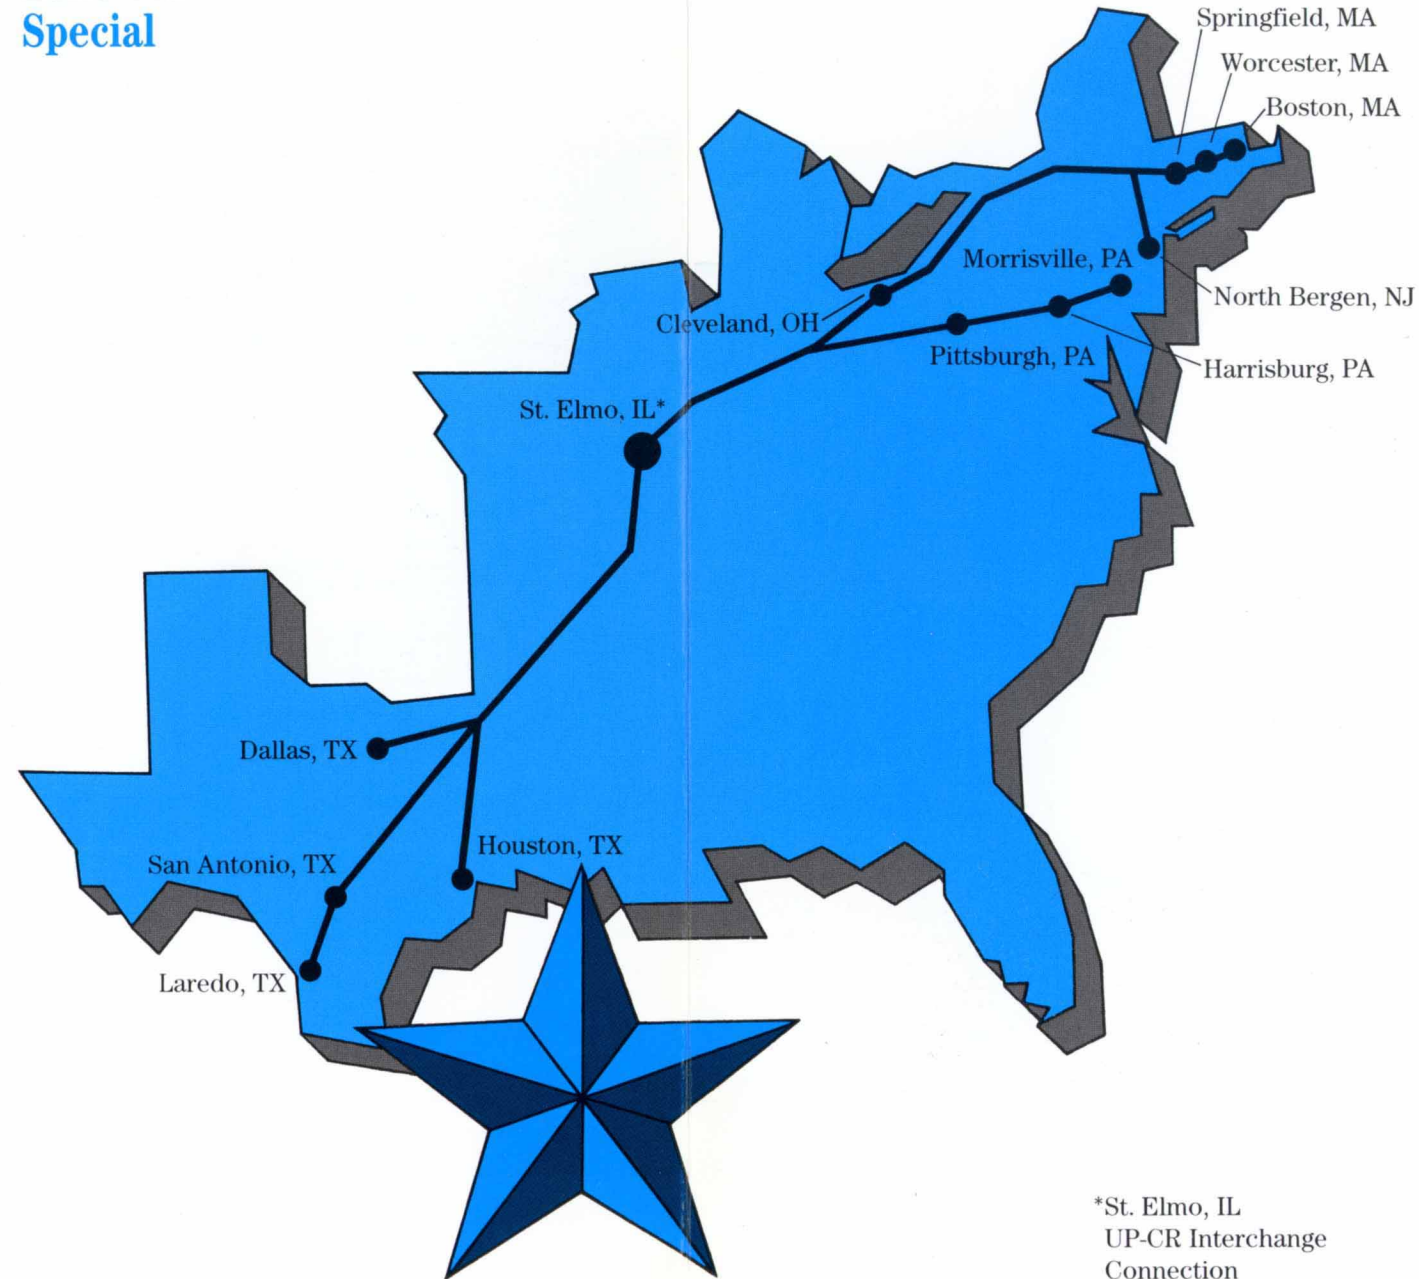

Significant Savings, Too

Lone Star service is cost efficient. At about 90¢ a mile, your shipping costs will enable you to undercut the competition and pass cost savings on to *your* customers. Our prices are lower than highway carrier shipping options, and our schedules are unsurpassed. We consistently deliver the best value for your shipping dollar.

Easy to Use

When you choose the Lone Star Special, you leave potential highway traffic delays behind. It's a choice you never had before—but one with substantial benefits.
