NOTES

1 - This plan is for use with AAR-recommended standards for 132 or 140 R.E. rail.
2 - Stock rails and switch points to be fully heat treated, all other rails and hardened 140 R.E. are not heat treated.
3 - All bolts shall be dipped immediately before applying (so that threads are thoroughly coated) in NO. OK-10"5"" grease, manufactured by Dexter Chemical Company.
4 - When ordering a Laff Hand Switch, these items shall be opposite hand.
